

QUINN ROOFTILES

OUTSTANDING
QUALITY, CHARACTER
& STYLE

ABOUT US

With almost four decades of experience Quinn Rooftiles offers an extensive range of high quality, high performance concrete roof and ridge tiles suitable for a wide range of applications.

Our ranges of pantile, flat and slimline "slate" tiles are available in a variety of colours to suit any project.

We also offer a comprehensive range of accessories to complement our roof tiles and systems.

The versatility and high efficiency of Quinn delivery logistics introduces an unrivalled flexibility into customer stock requirements tailored to meet market demand.

OUR RANGE

Quinn Rooftiles offer two ranges of concrete roof tile: Traditional and Lakeland. Both ranges combine different styles available in multiple colour combinations.

TRADITIONAL

WESTERN

Flat, smooth surfaced interlocking design tile available in multiple colours.

LOCH ERNE

Double Pantile forms a gentle flowing pattern that gives instant visual appeal and is available in multiple colours.

LAKELAND

RATHMORE

Smooth surfaced interlocking system with a bull-nose finish available in multiple colours.

DEVENISH

Finely detailed textured surface and is available in two colours.

TRADITIONAL RANGE

WESTERN

The Western is our original flat, smooth surfaced interlocking design tile.

It is available in multiple colours and is the obvious choice for cost effective projects.

The Western tile maintains a uniform appearance with machine formed edges that are enhanced by a broken bond laying pattern.

Available in all corresponding colours of our roof tile ranges

ACCESSORIES

We stock a large range of accessories for various fixing systems.

Selection of standard tile vents

Selection of plastic ridge tile jointers

Selection of tile clips

DRY ROOFING SOLUTIONS

As well as standard accessories Quinn Rooftiles has also developed a number of dry fixing systems for speed of installation. All the relevant components for these are available as a package to cover Ridge, Hip and Verge systems.

Benefits

- Up to 40% faster than traditional mortar methods
- Guaranteed weather tightness
- Available to suit all tile colours
- Complies with BS5534 requirements for mechanically fixing.

FLEXIBLE DELIVERY SOLUTIONS

Our unique multi-product portfolio allows versatility in your stock management with specifically tailored loads. Delivery of mixed products results in cost savings for customers and contributes to reducing our carbon footprint.

Service Excellence

With experienced people on the ground across the UK and Ireland, we offer an unrivalled level of hands-on support and guidance from our dedicated Sales and Service teams.

Quality as Standard

We use the highest quality of raw materials to manufacture our products, many of which are locally sourced from our own Quinn resources. All products are fully tested to British and European Standards guaranteeing performance levels.

Sustainability

Our aim is to be trusted and respected by our customers and stakeholders for responsibly sourcing our raw materials and employing sustainable production processes.
